INVITATION -- BRIEFING

For the second straight year, the Administrative Management Society is sponsoring the Federal Paperwork Management Awards Program. We are greatly encouraged by the significant response to this year's program.

The Awards Program will take place at a Banquet on September 27, 1966 at 7:30 p.m., at the Shoreham Hotel, Washington, D. C., to recognize one or more Federal employees for outstanding efficiency in the management of Government Paperwork. This year, the Society will cite over 20 Federal employees for their efforts in developing programs of great significance in this drive for further advances in cutting Federal Paperwork which results in cost savings and increased efficiency.

The Honorable Elmer B. Staats, Comptroller General of the United States, will be the key speaker at the Awards Banquet in September. The Toastmaster for the Banquet will be Representative Edward P. Boland, Committee Appropriations, House of Representatives. The Awards will be made by our International President, L. W. Lynett, Manager, Administrative Services, IBM Corporation, Armonk, New York.

We would like to present the full AMS Awards Banquet story to you. We would be honored and delighted if you could meet with us, and other invited Public Affairs Officers, at a coffee-break and briefing to be held on September 7, at 10:00 a.m., room 105, National Archives Building, Washington, D. C.

Will you honor us with an affirmative response?

  
ROBERT C. WALTER, EXECUTIVE DIRECTOR

Mr. Robert C. Walter, Executive Director  
Administrative Management Society

Dear Mr. Walter:

25X1A9a

The Central Intelligence Agency welcomes the opportunity to nominate Mr. [REDACTED] our Records Administration Officer, for the second annual Federal Paperwork Management Award.

25X1A9a

[REDACTED] has relentlessly pursued a program of improving the Agency's records and paperwork management for a period of fifteen years. Largely as a result of his professional competence and his leadership, we have an Agency-wide program which has significantly benefited the intelligence collection efforts of the Central Intelligence Agency and other elements in our intelligence community. I think his success in applying sound administrative principles to our Agency's complex and unique problems of records management and his efforts to inspire others to improve paperwork management merit public recognition.

I am very interested in all endeavors to improve administration in the Federal Government and wish to express my appreciation to the Officers and the Directors of the Society for focusing attention on professional achievements in the critical area of paperwork management.

Sincerely,

/s/ Richard Helms
